Shooting the Salt River rapids is great fun and Company officials recommend the following helpful tubing tips to assist floaters in planning their floating beach blasts:

- A valid driver's license is required for a tube rental deposit per 5 tubes rented.
- Children must be at least eight (8) years or older AND four feet tall for tubing and shuttle bus service. If a child does not meet BOTH of the requirements stated above, S.R.T.R. does not rent

tubes or provide transportation to ANYONE in the group. No exceptions are permitted to this policy.

- Life vests are strongly recommended for children, non-swimmers and inexperienced swimmers.
- Glass containers are prohibited by law in the Salt River Recreational Area. Ice chests and coolers will be inspected for glass containers before boarding shuttle buses. Please use plastic bottles or aluminum can containers.
- Have a great time during your floating beach blasts but remember that drugs, alcohol and the Salt River do not mix. Responsibly appoint a designated driver **before** your tubing adventure.
- Floating picnic ideas include fresh fruit, burritos, fried chicken, or sandwiches. Pack picnic items in Ziploc bags to keep dry. Please stash and bag all picnic supplies in litter bags while floating.
- Ice chest/coolers: Fill with ice, sport drinks, fruit juice and water. One to two bottles of water per hour while floating is recommended to help prevent dehydration.
- Sun block, tennis shoes, cap or visor should be worn. A minimum 30 SPF is recommended. Tennis shoes or closed toes are also recommended while tubing.
